DANIEL DA SILVA NONATO

Remote Contractor - Data Automation (Python)

E-Mail: daniel.dsn1987@gmail.com · WhatsApp: +55 61 98183-9037
GitHub: github.com/Daniel-DSN · Site: daniel-dsn.github.io
Luziânia-GO, Brazil (remote) - Calls 14:00-19:00 CEST, same-day replies

PROFILE

Remote contractor for data automation: **web scraping, data cleaning and migration, spreadsheet and CRM automation, B2B lead lists and small bots.**

5 own tools with **190 automated tests**, public on GitHub. Every delivery ships with script, tests, documentation and a demo - working code, no mockup.

Start within 24-48 hours, fixed price after a short scoping call (10 minutes is enough) or day rate. NDA possible before data handover.

SKILLS

- **Python 3.12** (pandas, openpyxl, requests, BeautifulSoup, pytest)
- **Web scraping** (static sites, CSV export), REST API integration
- **Spreadsheet automation** (CSV/XLSX pipelines, deduplication, validation)
- **Telegram Bot API**, batch file processing (dry-run, sha256)
- PHP, SQL (basics) · Linux command line, Git
- Foundations: Java, C/C++/C#, Visual Basic, HTML/front-end

PROJECTS (PORTFOLIO, REMOTE, SINCE 2026)

SheetForge - Spreadsheet automation
Merges multiple CSV sources into one clean XLSX report: cleaning, validation, duplicate detection. **56 tests** · github.com/Daniel-DSN/sheetforge

PriceHawk - Price monitoring
Tracks product prices across multiple online shops with alerts and an HTML diff report. **20 tests** · github.com/Daniel-DSN/pricehawk

LeadHarvest - Lead lists
Verified B2B contact lists from web sources, delivered as Excel with validation and deduplication. **33 tests** · github.com/Daniel-DSN/leadharvest

WatchPulse - Telegram bot
Monitoring bot with notifications and status checks right inside the messenger. **43 tests** · github.com/Daniel-DSN/watchpulse

FileFlow - File automation
Batch renaming, sorting and converting with dry-run and sha256 duplicate checks. **38 tests** · github.com/Daniel-DSN/fileflow

WORK EXPERIENCE

Rede Modesto (gas station) - Service attendant, 03/2024 - present
